That planetarium was something, huh.
The content of the exposition changes every month it seems
By the way I heard a shop in front of the station did French toasts
French toasts!
Let's go!
The exams are close, though.
No need to remind her of that Chiharu!
A senior shouldn't spend her time playing around
Fufu
Don't say that~!
Ah, if only we could
keep on having fun like this, all three of us.

星に願うのは
When you wish upon a star
あなたの幸せだけ――…。
I only pray the stars for your happiness...

What ?!
You can't come?!
I'll repay you another time.
And when will that be?
I forgot. I had a mock exam this Sunday.
Sorry, Ai.
UWAAAH
うわー
A mock exam is more important than me to you, is that it?!
Err, well.
Enough already !

But
No buts.
Stop troubling her, will you?
Geez
...
PICTURED
A MEDIOCRE STUDENT
UH...
She must work her hardest to have a chance
The school she aims for is very selective
DEPRESSED
You really wanted to go, huh?
It's the last time I'll be able to see a star shower along with everyone in high school
I mean
when she stubbornly wanted to go the astronomy club's camp
And I'd like you to also consider my efforts to stop her
Ah!
A star shower?
FAILURE OF A SENPAI WHO BOTHERS HER KOUHAI
UUUH

Yeees!
The star shower of the Lion constellation is about to reach its peak!
When I saw it back in 2001 it was a sight to behold!
I remember it as if it was yesterday, even though I was small
I would love to see it with my own eyes so much
Here she goes
And I'd also love to show it to you, Ai, Chiharu
Senpai loves the stars.

So that wa can always stay together?
What can I do
But I don't want us to be separated.
So she plans to go to a far-away university to study them.
What you can do? Nothing
BLUNT
Do you even know where the college she aims for is?
UGH
You must take either the shinkansen or the night bus for the trip
We won't be able to stay together
But if she chose the Seiran university

We'll be able to see each other, as usual
Wouldn't it be great?
And she wouldn't even have to try that hard to enter it
I think
There's no scientific branch in our university
ビ
ジ
Which means
she wouldn't be able to study what she wants
I know better than anyone that this girl
Is more dedicated to her studies than she lets out.

But it's not ours to decide
what's more important for her
And it's not like I want her to leave or anything
But, well since her backup wish is Seiran
She does have a pretty high chance of staying here in the end
Aren't you sayig something horrible here?
キーン
コーン
カーン

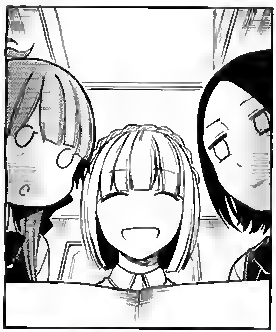
Chiharu is probably right.
But her being here doesn't change the fact that it's special to spend it with someone.
Ah
A shooting star.

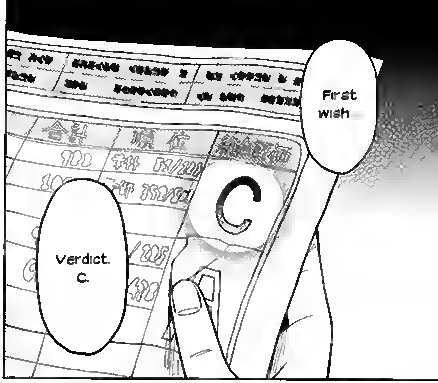
キラッ
1-C
Kuro-sawa!
Please, dear star
Make it so that Senpai doesn't have to leave Seiran!!

You can have it!
This bear
Isn't it the one you were gonna give to your senpai?
The one we bought
HUM!
Don't worry!
I've decided to act
rather than pray!!
That's right!

On a stopover
There are still a ton of things that I want to do with you, Senpai!
After school
You can still go to the astronomy club!
Lunch
If you stay in Seiran, you won't have to become a Nerd!

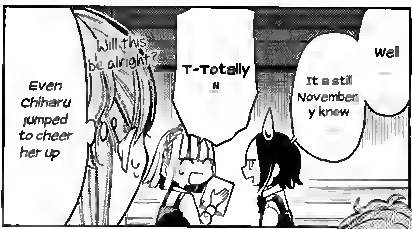
*dorms of the lily
But she just answered...
with an awkward smile.
True...





First wish
Verdict. C.
C

But at this rate
You're good to stay here!
Don't tell me

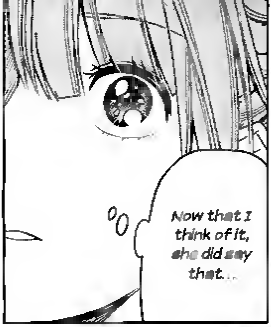


Will this be alright?
Even Chiharu jumped to cheer her up
T-Totally
Well
It's still November y knew

Yeah
And like AI said
Dodom

that my wish was granted..?!
I want her to stay in Seirun

Staying in Seiran wouldn't be that bad
ズキ
5
I'm confiscating your favorite book.
ズキン
Then please don't do such a dejected face!
Shouldn't that be...
ズキ
something to be looking forward to?



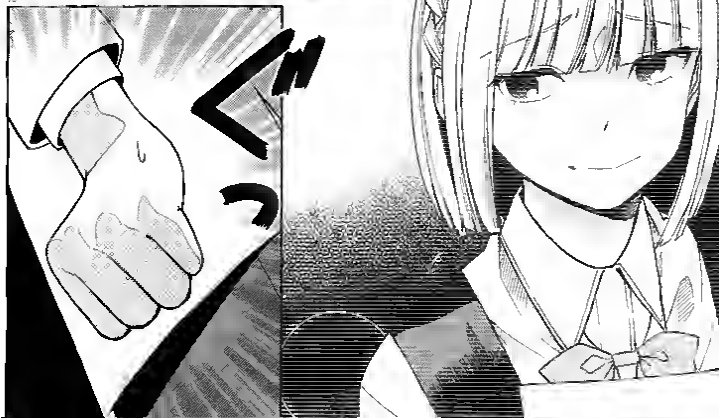
Now that I think of it, she did say that...

Ah
Another one

And I'd love to show to you too, Ai.

I'd love to see it again so much...

The star shower will be at its peak!

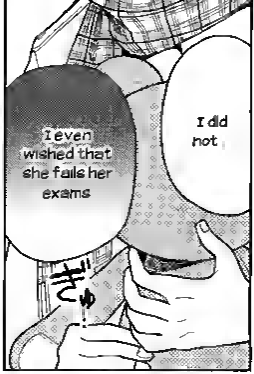


I didn't want to see Senpai so sad!!
I go back on my wish
I didn't want...
Wait!

Uh
...
Wah!
Uh
Plic
It's all my fault...
She made that face because of me.
You alright ?

Kuro-
sawa
I can't
really ac-
cept it.
So
take it
back.
Here
!
You
breathed
power into
it, didn't
you?

Why?



I did not
I even wished that she fails her exams
ぎゅ!

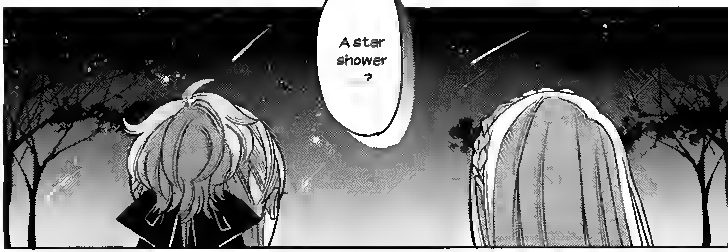
ぽた
It makes me too sad to think that I won't be able to see her in the future.
But if I tell her that, it will only make her worry even more.
ぽた
ぽた
But I don't want her to leave~!
What should I do?!

SMOOTH
Well...
You just have to go to the same school, don't you?
Oh
?
Maybe...
If you say so...
You think so ?
Oooh ?
You're still in 1st year, you have plenty of time to prepare it.
But from what I heard, it's no cake-walk.
And in 2 years, you can meet her again.

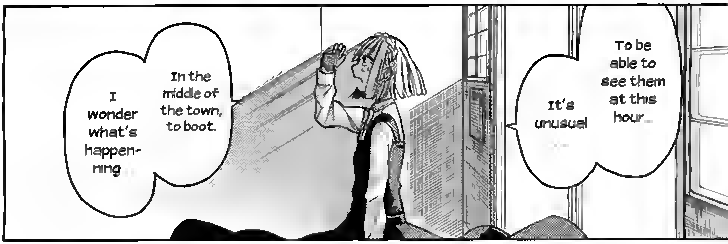
You're really a genius, huh!
HEH
So they say

Give her your lucky charm

Hah
Hah
I'm sure she'll love it
Senpa...
Ai!
Look!!
Tap

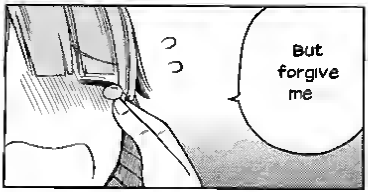


A star shower ?



To be able to see them at this hour...
It's unusual
In the middle of the town, to boot.
I wonder what's happening...

What do you think, Ai ?

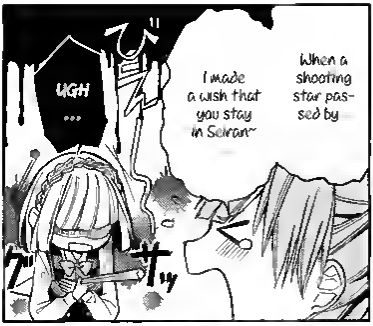


But forgive me

Are zo breddy
The stars
Sen-bai
Uwaaah

What?
If you got a c
It's my fault.

I'm the only one at fault for neglecting my studies.
There, it's alright
Sorry, Ai
GUILTY FEELING



When a shooting star passed by...
I made a wish that you stay in Seiran~
UGH...

Wah
It's cute
A teddy bear!
A lucky charm!

I still don't want her to go away but...

Here

I breathed plenty of power into it...
So
0.

You'd better succeed
and get your first wish!
If I have to ask something to the stars...

Then I just want them...
to light Senpai's path.
